

Some quotes of Thanks from our soldiers:

“I just wanted to take a moment to thank you for the care packages, the troops sincerely appreciate them. When you are sent here away from friends and family, and the everyday freedoms we tend to take for granted, it is those little things that can really make your day.”

“Thank you very much for sending out the awesome care package items. Trust me, they all went to good use! We really appreciate the support from folks like you back home.”

“It was a very pleasant surprise and very generous to receive the care packages you sent. We took the packages and donated them to the injured warrior unit here. These items you sent make their stay there a little more comfortable. To say they were grateful and appreciative would be an understatement. It’s nice to know there are people such as yourselves supporting the troops over here.”

“We share all of our packages with any soldier in need. Your generosity could not have come at a more needed time.”

“It definitely is nice and means a lot to us to know that we have such devoted people back in the US that care about us and their military.”

“We absolutely loved every single thing that you sent us. Thank you for all your support and God bless you all. It really makes our day when we know we have people back in the States with us in their thoughts and prayers.”

“Thanks so much for your support, it means a lot to us!”
